Rule making related to kinship caregiver program

The Human Services Department hereby amends Chapter 156, “Payments for Foster Care,” and Chapter 202, “Foster Care Placement and Services,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code chapter 234.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code chapter 234.

Purpose and Summary

This rule making implements the Kinship Caregiver Program (Program), an effort to level the support provided to relatives and kin. This rule making implements a modest monthly payment using state funding only. The Department believes the Program could make the difference between a child remaining with the child’s family versus suffering the trauma of being placed with a stranger in a shelter or family foster care. The Program allows relatives to receive a \$300-a-month stipend for each child in their care, for up to six months. A caregiver will be invited to participate in the foster care licensing process in the first two months the caregiver is caring for kin, and the caregiver will be able to receive the kinship caregiver payment for up to six months. Once licensed, the caregiver may also be eligible for supports such as child care, respite, training and caseworker support. Kinship caregivers are not required to become licensed to receive the stipend, though it will be encouraged so they will be eligible for the continued supports outlined above. When relatives are approved for the Program, the children will be considered to be in foster care and the Department could draw down IV-E administrative costs while claiming for the average length of time it takes to license a foster family while the relatives are pursuing licensure.

Public Comment and Changes to Rule Making

Notice of Intended Action for this rule making was published in the Iowa Administrative Bulletin on January 27, 2021, as **ARC 5406C**. No public comments were received. No changes from the Notice have been made.

Adoption of Rule Making

This rule making was adopted by the Council on Human Services on March 11, 2021.

Fiscal Impact

In June 2019, the rate of a child’s initial placement with a relative was 44.7 percent; in June 2020 it was at 47.2 percent. The number of children in relative placements by month would be approximately 369 for month three, 417 for month four, 374 for month five, 406 for month six, 284 for month seven, and 290 for month eight. Since the payment does not begin until after two consecutive months of placement, month three would be the earliest month the payment is received and six months of payments would not be received until month eight. The estimates were derived based on the \$300 per month, per relative placements by month, which brought the total cost to \$2,132,700. The numbers of relative placements per month were derived on the relative placement percentage of 44.7 percent above.

Jobs Impact

After analysis and review of this rule making, no impact on jobs has been found.

Waivers

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to rule 441—1.7(17A,217).

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its [regular monthly meeting](#) or at a special meeting. The Committee's meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).
